

Maria Lebedeva
Illustrator

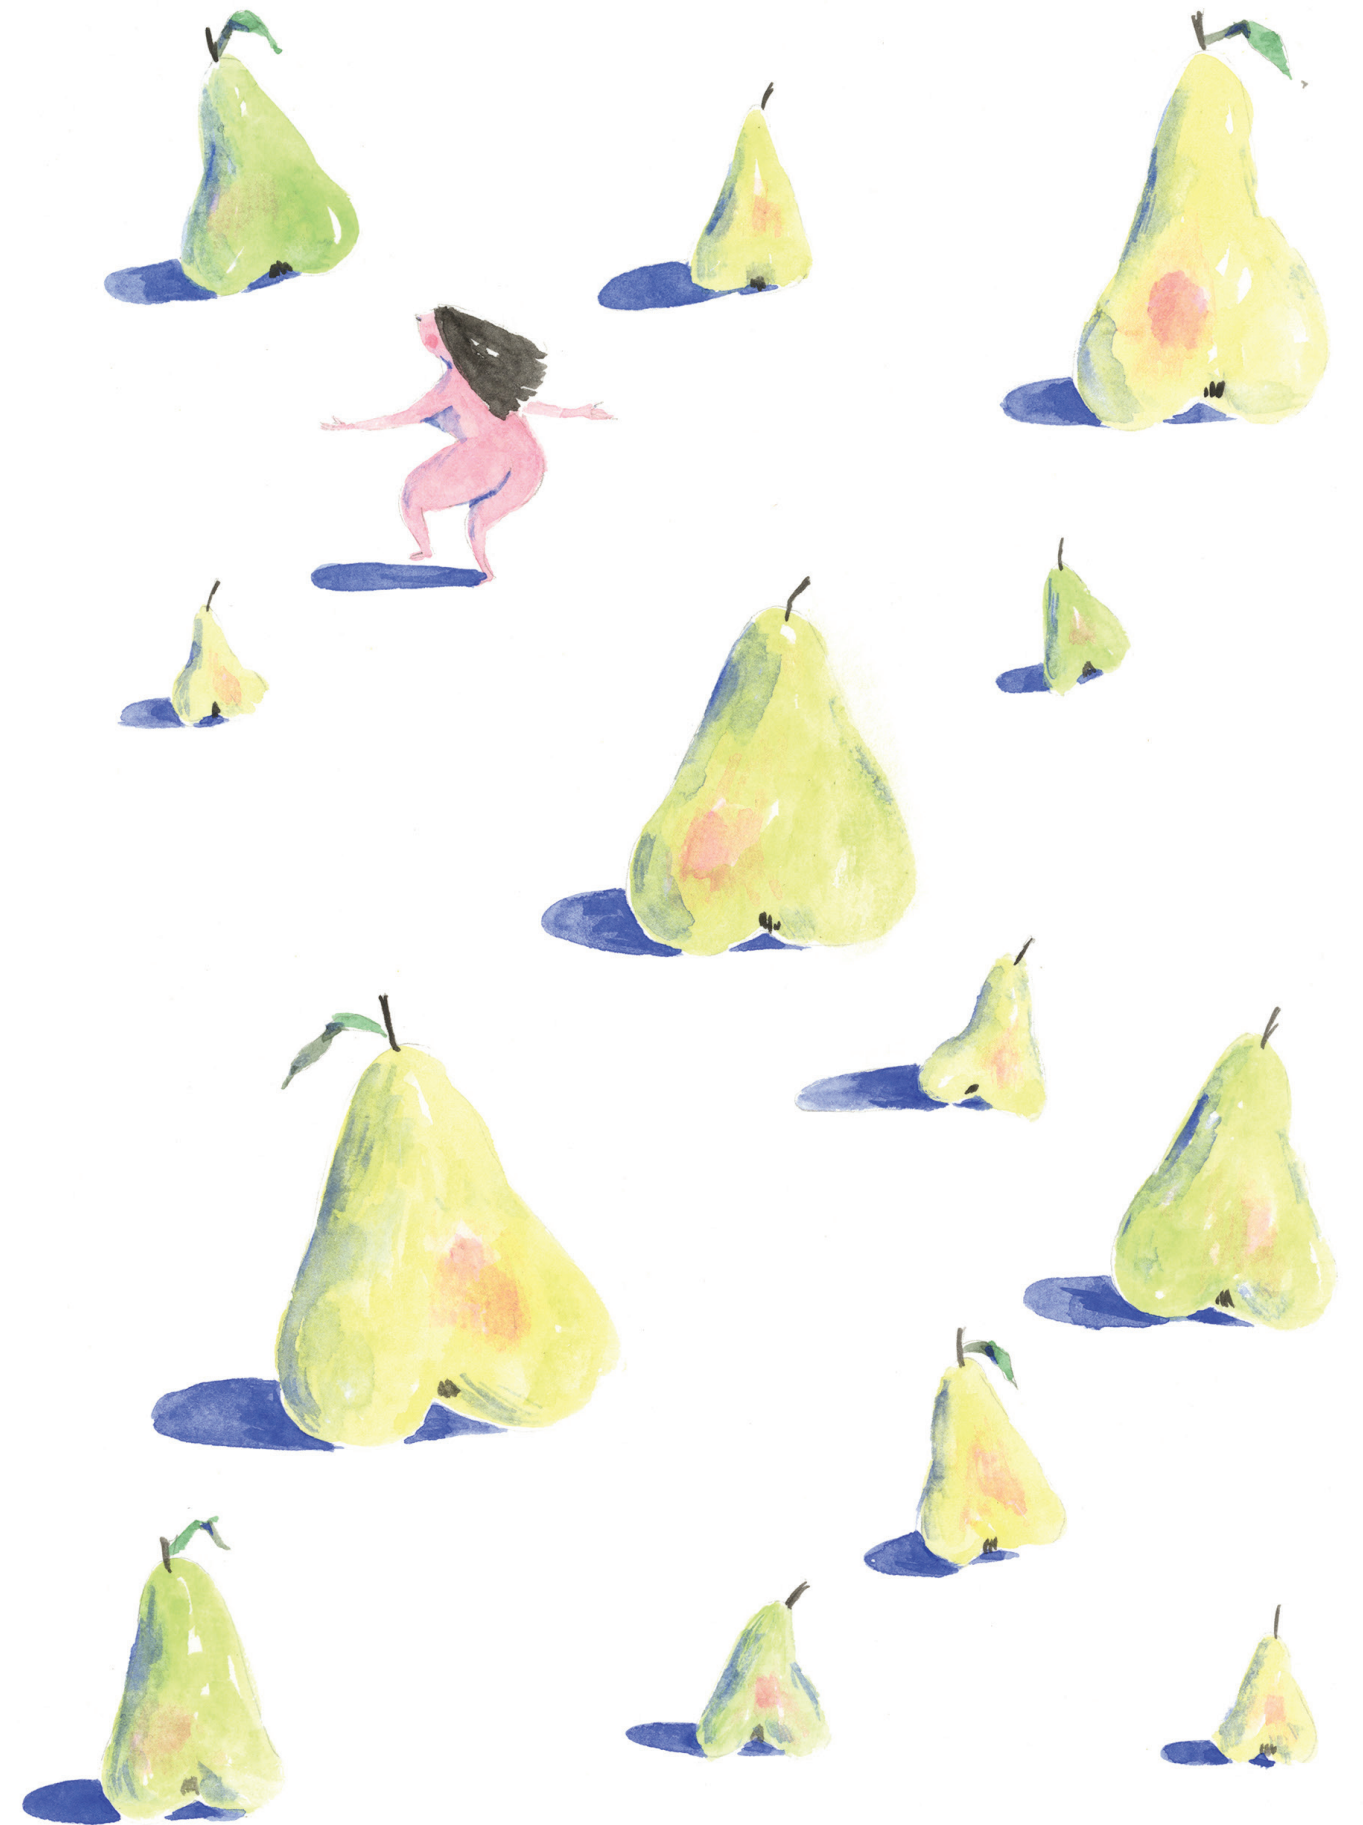

Hello! My name is Maria Lebedeva. I'm an illustrator and lecturer, currently based in Somerset West, South Africa. I have a BA Information Design degree from the University of Pretoria, an MPhil in Illustration from Stellenbosch University, and I'm currently working on a PhD study on wordless picturebooks. Children's books are my absolute favorite thing in the world, and I have a passion for crafting visual storylines. My work has been published by Bumble Books, Imaginary House and Lapa publishers in South Africa, and shown in many local galleries. Listed here are my recently published children's books!
